IT in the Classroom – The Latest Breakthroughs

COURSE INFORMATION:

- Armed with a laptop and projector what are the possibilities for fully harnessing the classroom potential for improving learning? The answer is many and the potential is almost limitless! This course goes beyond 'Powerpoint -less' and 'Death by Powerpoint' and shares with colleagues a broad range of both strategies and resources that help to produce compelling lessons that fully exploit the opportunities that IT creates.
- All delegates must bring a laptop with Microsoft Office (versions XP or later) in order to fully engage with the course. A DVD with a range of free software and samples of resources will be given on the day.

COURSE TRAINER

Steve Garnett

Steve Garnett's highly successful teaching career has included specific responsibility for developing Teaching and Learning. He is a very experienced trainer, having supported over 6,000 colleagues in schools across the UK and more recently, Europe and the Middle East. Steve is author of 'Using Brain Power in the Classroom – Five Steps to Accelerate Learning' (described in the TES as 'strong in its resume of what constitutes effective learning'). His training courses are consistently rated as excellent, as delivering value for money and as being highly practical and solution-oriented, saving teachers weeks of time and work every term. Delegate feedback comments regularly feature the words "humorous", "dynamic" and "highly effective."
